**GIN 5CL**

---

**Bombay Sapphire United Kingdom**

The aroma of juniper and citrus is as present as the pepper and spices. This gin has a very delicate, slightly fruity flavour, while you hold the gin in your mouth the flavours of the different herbs and spices slowly emerge.

6 €

### **Bombay "Original" United Kingdom**

London Dry Gin Original is made according to the ancient and original recipe which involves the infusion of 8 different botanicals including: juniper, orange peel,

juniper, dried fruit, citrus and toasted wood

6 €

### **Tanqueray UK**

As a London Dry it has a clean and dry taste. Juniper is predominant, but it is a perfectly balanced and harmonious gin. The lack of citrus makes it drier than other gins, but the coriander gives it a lemony scent.

8 €

### **Tanqueray Sevilla UK**

The sweet oranges of Seville combined with the broken and herbaceous botanicals, coriander and juniper above all make it fresh on the palate, complex and slightly sweet, recalling a citrus note.

8 €

### **Citadel France**

On the nose, juniper is accompanied by floral notes, sweet orange and notes of cardamom, cinnamon and nutmeg. On the palate, juniper leaves room for the more aromatic notes of the other botanicals and the more citrusy ones.

7 €

### **G'vine France**

Spicy on the nose with notes of juniper and coriander, soft and elegant taste, on the palate the juniper is predominant with notes of licorice and nutmeg

7 €

### **Malfy Original Italia**

Produced from different botanicals, among which citrus fruits stand out, it has a rich and pleasant character with evident citrus notes. On the palate it is soft, harmonious and drinkable, with an aromatic citrus profile and a spicy persistence

7 €

### **Malfy Rosa Italia**

Obtained from particular botanicals, including Sicilian pink grapefruit, juniper and rhubarb. Its aromatic profile is fresh and citrusy with pleasant hints of orange, on the palate it is juicy, delicate, harmonious and very pleasant

7 €

**Malfy Limone Italia** It

7 €

is made from 7 botanicals including Tuscan juniper and Amalfi coast lemon. Its aromatic profile is marked by the aroma of lemon, with hints of juniper and coriander. On the palate it is soft, citric, citrusy and pleasant.

**Nordes Spain** Spanish

7 €

gin obtained from the distillation of Albarino wine with an infusion of typical Galician spices. Soft, fresh and light distillate that encloses the personality of the territory animated by the sea breezes of the ocean

**Bulldog United Kingdom**

7 €

On the palate as well as on the nose it is a complex but also soft gin, where the juniper notes are clearly recognizable, but they come from those of all the other botanicals. In fact, there are both spicy notes that continue into the finish, and citrus notes that make the gin fresher.

**Hendrick's UK**

8 €

Unique in its kind as it combines two gins distilled separately with two completely different methods and with a totally different flavour, one intense, oily, juniper; the other is light, sweet and floral, once combined they produce a full spectrum of flavours

**Helephant Germania** On

9 €

the nose it stands out for its notes of juniper, accompanied by balsamic notes of mountain pine and more herbaceous ones. On the palate it is very soft, which balances floral, fruity and spicy flavours.
